

OPGC Achieves Remarkable PLF Performance – Ranks 1st in State Sector

Bhubaneswar - 3rd June 2026

Odisha Power Generation Corporation Ltd. (OPGC) has secured the 1st position in the state sector, demonstrating exceptional operational excellence and reliability in power generation.

Key Rankings Up to May 2026 includes,

1st among all state sector power generators in India. 10th across all sectors (government & private) nationwide, and 6th among large power stations with capacity exceeding 1000MW.

This unprecedented success of OPGC has been made possible due to the visionary leadership, guidance, and continuous support of the Hon'ble Deputy Chief Minister and Minister of Energy. His inspiration to make the state's energy sector self-reliant and prosperous has given a new momentum to the corporation's progress.

This outstanding performance underscores OPGC's commitment to delivering consistent, efficient power generation and reinforces its position as a leading power producer in India. The corporation's stellar Plant Load Factor reflects superior plant management, optimal maintenance practices, and dedicated operational teams.

OPGC continues to play a pivotal role in meeting Odisha's growing energy demands while maintaining industry-leading performance standards.
